September 2007

Greetings from the road somewhere in Kentucky! Rex asked me to write the prayer letter as we travel in order to be able to send it at the next missions conference.

We've traveled 37,000 road miles since the middle of January plus 15, 000 air miles on a trip to Ethiopia. We still have another 15,000 miles to travel before we return to the field. Are you tired yet? I am just telling you about it!

We've been privileged to present the field of Ethiopia in great churches with pastors that are still "standing for the faith" and meet Christians that pray for missionaries. Pastor and church member, never doubt your ability to encourage your missionaries!

In February 2008 God is opening a door for Rex and I to make a trip to a village near Sudan. Rex was able to minister there in February 07. I am thrilled and excited that God is allowing me this door of opportunity. I need your help! I am planning to teach the Wordless Book to the children and ladies. I need people who will help make 1,000 "Wordless Book" bracelets. Bracelets are the most effective median in these circumstances. If you can help in any way with this project, please contact. ginnies@cox.net We will need the bracelets by November 10th.

I would like to share a personal need as well as prayer request with you. Early in our ministry Rex worked a job that was noise intensive and resulted in damage to his hearing. For many years he has been told nothing could be done. We have just learned that he can now be helped. We have looked into this and the cost is \$5,000. It is cost prohibited to us and our insurance will not help. Will you pray? Could you help?

Thank you for your consideration in these matters.

Serving in your place

Ginnie

Thank you for your eternal investment
